

MOVING UP TO THE ACADEMY

- ▶ Dear year 6's, you may think that the academy is a big scary place with lots of classrooms and teachers but really it is just a school. If you are worried about getting lost in the school or being late to lessons you will be given a map so you can find your way around and if you are late to a lesson then they won't tell you off because it is your first day but after you need to try and not be late.
- ▶ Everyone says that when you move up to secondary school you get lots of homework and the school work is much harder but really it isn't. If you think you are going to forget something for school try to pack your bags the night before school. You won't need to go to ALL the classrooms so you only need to remember where your classrooms are and you will be given a timetable to see what classes you have.
- ▶ When moving up you will probably be put with your friends in form but if you aren't then there is always break and lunch to be with them. Also every Friday for dinner you get to eat chicken burgers and chips for dinner. Don't worry about moving up it will be fine I have been through it myself.
